The Court's Individual Rules of Trial Practice in Criminal Cases are enclosed.

Dated: New York, New York
March 5, 2019

DENISE COTE
United States District Judge

STRUCK PANEL JURY SELECTION

The Court will conduct a voir dire of the number of panelists computed by combining the number of jurors to be selected and the number of peremptory challenges. In the ordinary case with two alternate jurors, there will be a voir dire of 32 panelists. After the voir dire, we will determine whether there are any challenges for cause. Each panelist removed for cause will be replaced, so that there is a full panel before any peremptory challenges are exercised.

Next, peremptory challenges are exercised against the panelists who compose the potential members of the regular jury, that is, against the first 28 panelists. Peremptory challenges will be exercised simultaneously, with the Government and the defendant/defendants each submitting a written list of the six and ten panelists, respectively, that they wish to excuse. Any overlap among the lists of challenges will not result in parties receiving additional challenges. The twelve jurors will be selected starting with the unchallenged juror with lowest number. For example, if there was an overlap, the fifteen challenged panelists would be excused and the first twelve of the remaining thirteen would be seated. The thirteenth juror, that is, the unchallenged juror with the highest number, would also be excused.

Finally, peremptory challenges are exercised against the panelists who compose the potential alternate jurors, that is, against panelists twenty-nine through thirty-two. Again, peremptory challenges will be exercised simultaneously. In the event of an overlap in challenges, the jurors will be selected from those with the lowest numbers.
